OM-9 is a new Compact High-performance Operating Microscope delivering high efficiency and versatile functionality, complete with new state of the art LED light source.

OM-9 is the perfect choice giving complete product satisfaction to the operator, and offering the highest level of patient safety.
**Renewed Design**
- Motorized zoom microscope, tiltable binocular tubes, X-Y coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, X-Y coupling

**New Optical System**
- New OM-9 optics are suitable for both cataract and vitreoretinal surgery.
- By adopting a standard objective lens F=200 mm, the OM-9 is fully suited for vitreoretinal surgery.
- 10x eyepieces bring a wider, brighter & sharper view with a larger depth of field.

**New Optical System**
- New OM-9 optics are suitable for both cataract and vitreoretinal surgery.
- By adopting a standard objective lens F=200 mm, the OM-9 is fully suited for vitreoretinal surgery.
- 10x eyepieces bring a wider, brighter & sharper view with a larger depth of field.

**Motorized Zoom System**
- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, XY coupling

**Motorized 5-step Magnification Changing System**
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling

**Manual 5-step Magnification Changing System**
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Tiltable Binocular Tubes**
- Tiltable binocular tubes available, which can incline more than 90° depending on the posture and physique of the operating surgeon.
- Movable range: 0° (straight) to 90° (inclined)

**Microscope Tilting Mechanism**
- By adopting the knob interlock system, the microscope tilts back and forth easily, necessary in the application of glaucoma surgery.
- Movable range: around ±30°

**Fundus Observation Devices Adaptations**
- Oculus BIOM adaptation is available for OM-9.
- For details, contact our distributor or our Sales Department.

**Examples of Combinations**

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° inclined binocular tubes, XY coupling
- Manual 5-step magnification microscope, 45° inclined binocular tubes, straight coupling

**Examples of Combinations**

- Motorized zoom microscope, tiltable binocular tubes, XY coupling
- Motorized 5-step magnification microscope, 45° incl
